

TEMPLE COURT APARTMENTS

The **Temple Court Apartments** were built between 1914 and 1918 and are designated as Contributing Structures within the City of Miami's Lummus Park Historic District. The four story buildings and smaller annex had fallen into disrepair over the years, with significant alterations and deterioration. RJHA completed a substantial rehabilitation of the complex for use as elderly housing, including new impact-resistant windows that replicated the original units and new mechanical, electrical, plumbing and life safety systems, while retaining original exterior appearance and most of the original interior layout.
